

EDUCATOR Plus Verses Smart Boards & Projectors

EDUCATOR Plus Color Poster Printer

Static Visuals Presentation

Excellent Teaching Tool For Class & Labs

Print Large Full Color Visuals from Computer Files or Scanned Documents on a Variety of Print Materials and Sizes to Produce: Posters, Banners, Wall Charts, Floor Charts, Manipulatives, Cutouts, Stickers, Graphic Organizers, Flip Charts and other Teaching Aids.

Visuals can be posted for viewing Before, During and After Teacher Lesson Sessions for Extended Periods to help Students Retain more Information and Improve Test Scores. Static Visuals are also Used for Permanent Classroom Communications such as Classroom Rules, Procedures, Attendance Tracking, Calendars and much More.

SMART BOARDS & PROJECTORS

Electronic Presentation

Excellent Teaching Tool For Class & Labs

Projects Color Presentations to Screens and Boards during Teacher Lessons

Projected Images are viewed only During Teacher Lesson Sessions

Conclusion

EDUCATOR Plus Color Poster Printer Is a Versatile Teaching Tool that is commonly used in conjunction with Projectors and Smart boards to give Educators improved teaching capabilities.

Lesson materials should be made in Electronic as well as Static Format. The combination of Electronic and Static Presentations Create a more Dynamic, Interesting Teaching Session. Pre-Testing Visuals can be Posted for Longer Intervals to Support Improved Retention of Critical Information for Improving Test Scores.
