Large Format Printer (Competition Price range in \$4,000 - \$6,000)

Competitive Large Format Printers: There are Many Large Format Printers but most are Smaller Size (24"wide) in a Lower Performance Class with Less Education Content & include only 1 hour Training.

Software: Large Format Printer Vendors Do Not Typically include Easy To Use Poster & Banner Making Software, These Printers are usually difficult to use and may require a skilled, dedicated operator.

School Packages: Some Equipment Vendors Advertise Color Poster Printer Packages (at higher costs) but these are not the same Equipment, Software, Supply and Training Package as included in The EDUCATOR Plus Package for Schools Exclusively Available from Tonas Graphics.
