

## **Why Buy From Tonas Graphics?**

**Experience and Reputation-** Tonas Graphics was established in 1985 and has in depth experience with the Education market and great expertise in Instructional Technology. The company has sold over 5,000 Visual Communication machines to Educational Institutions to include: K-12, Intermediate Units, Technical Schools, Special Needs and Gifted, Colleges, Universities and Correctional Facilities.

Tonas Graphics maintains a staff of trained professionals for personalized customer assistance in sales, product training, technical service and supply re-orders. Office hours are Monday through Friday from 8:00AM to 5:00PM eastern standard time. Phone calls are always answered by a live staff, never automated attendants. The company is based in Pittsburgh Pennsylvania and credits its long success to its excellent products and business practices keeping customer service a top priority.

**EDUCATOR Plus® Color Poster Printer-** Tonas Graphics is the [Sole Source Vendor](#). Through a strategic partnership with Canon U.S.A., Tonas Graphics has developed the EDUCATOR Plus Poster Printer Package specifically for Schools. The system is designed to enable teachers and staff to produce high quality large format visuals; on demand and directly from their own computer using familiar software applications. The EDUCATOR Plus creates stunning full Color Posters and Banners that rivals sign shop quality. This is the only product that integrates a Canon Large Format Printer with the Tonas Graphics exclusive Educator Plus® package containing school specific software templates, supplies kit and training package. New customers enjoy immediate implementation through a personally phone guided on-line Poster and Banner Making Training Video. The system purchase includes free lifetime phone support from Tonas Graphics and is backed by a 12 month world class Canon onsite warranty. The EDUCATOR Plus Color Poster Printer is sold exclusively through Tonas Graphics professional sales consultants via a web based telesales marketing and support team.
